

Estaaccess is a family of equipment and accessories for verification and complement of the correct electrical functioning of products and their respective spare parts.

COMMON GROUND POINT

The EAC-9011 is a bar where all the devices that need to be grounded in the work station get canalized to.

EMN - 9011

Common ground point with six grounding slots

BENEFITS /

- Easy to mount
- Resistant
- Made of brass
- Light weight
- Slots for six connectors

GENERAL DATA /

- Color Brass
- Size/Length 10 cm x 1.9 cm
- MU Pc
- Production / Sale lot 1 Pc

NORM, GUARANTEES AND CARE /

Complies with: ANSI/ESD S20.20-2007 ANSI/ESD S6.1-2005

Physical warranty: 1 year

Cleaning/washing: Air blast.

Contraindications: Do not expose to solvents or chemical agents.

Industry: Electronic, aerospace, telecommunications, automotive, services and medical.

TECHNICAL DATA /

RESISTANCE RANGE	
Lower Threshold (ohms)	Higher Threshold (ohms)
No resistance	

- Voltage generation N / A
- Discharge time 0.1 s

ESTATEC UNIQUE TRACKING CODE (CURE)

The ESTATEC unique tracking code is an identification code that helps on product tracking. It's used to know data from production dates as well as date of delivery and guarantees. It also has a bar code for easy reading using electronic methods.

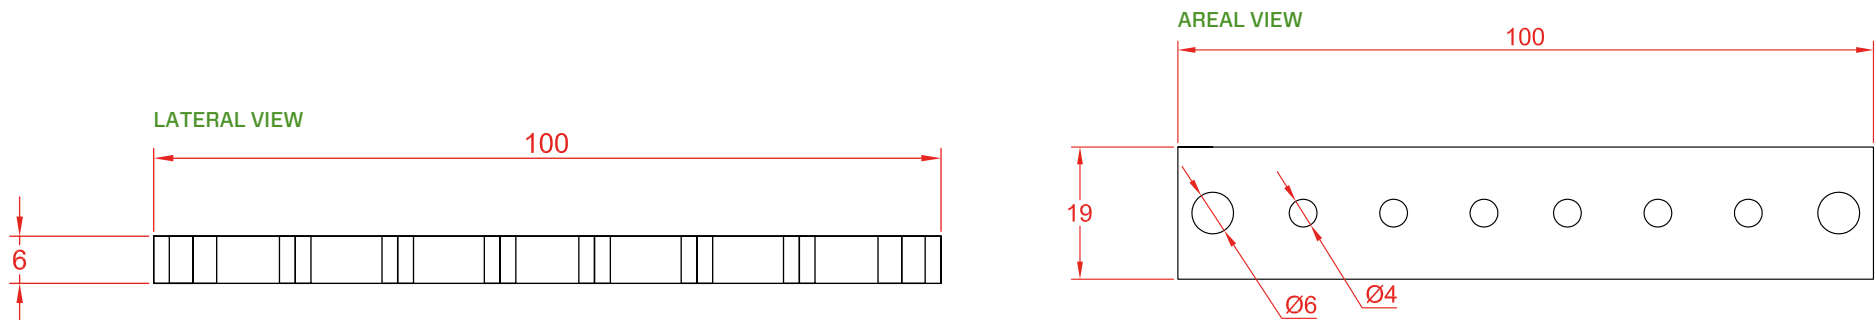

The CURE consists of two parts: the vertical code with the identification number (CURE) and the second part is the same code but horizontal and a bar code.

CURE Example

MODELS TABLE
